# **GATEWAY STUDENTS ROCK!** **TEST SCORES RISE 3%**

The students have every right to be pleased with their performance on the Stanford 10 Achievement Test last April. Overall, the composite average for the entire school increased 3% from the 72nd National Percentile score (April 2006) to the 75<sup>th</sup> National Percentile score (April 2007). The 75<sup>th</sup> National Percentile score means that Gateway students overall scored equal to or better than 75% of the same aged students who took the identical test. Bottom line: Gateway Christian School is in the upper 25% of schools across the nation. Gateway students rock!

Kudos to all of the fine instruction our Gateway teachers have given to our students last year. I know the teachers and staff are ready to give your student(s) a very positive and successful learning experience in the 2007-08 school year.

Serving the Savior, Mr. Stutzman

***Sing to the LORD a new song,  
for he has done marvelous  
things;  
his right hand and his holy  
arm have worked salvation  
for him.***

***-Psalm 97:1 NIV***
